DUKKA PREM KRISHNA

MERN STACK / FULL-STACK DEVELOPER

8885843347 | premkrishna997@gmail.com

PROFESSIONAL SUMMARY

MERN / Full-Stack Developer with hands-on experience building and deploying web applications, REST APIs, admin dashboards, and data-driven workflows. Skilled in JavaScript, React.js, Node.js, Express.js, and database integrations. Has delivered client and portfolio projects across mobile retail, e-commerce, visa consultancy, and insurance.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, SQL
Frontend: React.js, React Hooks, Vite, React Router, Responsive Design, Bootstrap, CSS Modules, Tailwind CSS
Backend: Node.js, Express.js, NestJS, REST APIs, API integration
Databases & ORM: PostgreSQL, Supabase, MongoDB, Firebase Firestore, MySQL, Prisma
Tools & Deployment: Git, GitHub, VS Code, Postman, Vercel

PROJECTS

Mr. Purushotham Mobile Hub — Mobile Retail & Services Platform

Tech Stack: React.js, JavaScript, Vite, Node.js, Express.js, Supabase PostgreSQL, Prisma, REST APIs, Vercel

- Built a responsive platform for mobile retail and services, including phone catalog browsing/search and sell/repair request flows.
- Created role-based Admin and Employee dashboards with protected routes and employee-specific operational workflows.
- Connected REST APIs and database operations to manage sales, sell requests, and repair requests.

Nutresa — Dry Fruits E-Commerce Platform

Tech Stack: React.js, JavaScript, NestJS, Prisma, Supabase PostgreSQL, Vite, React Router, REST APIs, Vercel

- Developed an e-commerce experience for browsing products and managing cart and order workflows.
- Built admin features for product management, pricing, images, orders, policies, and delivery charges.
- Integrated backend APIs and database operations for product, customer, and order data.

Flypath Overseas — Visa Consultancy Platform (Freelance)

Tech Stack: React.js, JavaScript, Vite, React Router, CSS Modules, Firebase Firestore, Vercel

- Built a visa consultancy website with multi-step application forms, validation, conditional fields, and callback requests.
- Developed a protected admin dashboard to search/filter applications, update statuses, add notes, and export records.
- Deployed the client website on Vercel and connected application workflows to Firestore.

InsureNow — Insurance Platform

Tech Stack: React.js, JavaScript, HTML, CSS

- Built an insurance platform covering health, car, bike, term, travel, and family insurance categories.
- Implemented an SIP calculator with compound-interest projections and claim submission/tracking flows.
- Added login/session persistence using localStorage.

PROFESSIONAL EXPERIENCE

Freelance Full-Stack Developer | May 2025 – Present

- Build responsive web applications and client websites using React.js, JavaScript, and modern frontend practices.
- Develop application workflows, admin dashboards, REST API integrations, and database-backed features.
- Implement role-based access, application tracking, request management, and data filtering for business workflows.
- Handle end-to-end delivery across UI development, backend integration, testing, Git/GitHub, and Vercel deployment.

Software Dev Engineer I | Swiggy | Dec 2023 – Apr 2025

- Developed responsive and user-friendly web interfaces using React.
- Built reusable React components and implemented dynamic UI functionality using React Hooks.
- Collaborated with team members to troubleshoot issues, improve application functionality, and maintain code quality.
- Applied component-based architecture and reusable coding practices to improve maintainability and scalability.

Senior Onboarding Executive | Swiggy | Sep 2018 – Nov 2023

- Managed end-to-end onboarding, document verification, background checks, and app setup for delivery partners and restaurant partners.
- Coordinated onboarding activity across two cities and supported process improvements to increase completion rates.
- Helped onboard 500+ restaurant partners and delivery executives, achieving a 95% onboarding success rate and reducing onboarding time by 40%.

EDUCATION

B.Sc. Computer Science | Andhra Loyola College, Vijayawada | 2015 – 2018
